████████,

The DCBID has identified and collected 4 deposition transcripts and 1 deposition video recording responsive to CPRA request (DCBID.2019.12.30.a). Neither the DCBID nor the DCBID's counsel are in possession of the other 3 video recordings. We have determined one of the deposition transcripts contains material that is exempt from disclosure under the California Public Records Act pursuant to California Government Code §§ 6254, 6255, as constituting confidential information that invades the right to privacy and has no relationship to BID business. Exempt material from this record has been redacted.

All records subject to disclosure are available electronically and total approximately 2 GB in size. Please confirm that you wish for this information to be forwarded to you using a disk and self-addressed stamped envelope which have been provided by you.

Thank you,

Steph Bernstein

Good afternoon, DCBID!

Today I am looking for all deposition transcripts and video recordings of depositions in the control OR custody of the BID which were taken in civil matters now disposed of. If you have to ask your lawyers for these you still control them, please remember, and must produce. These should be of parties on all sides of the matter, as long as they're in the custody OR control of the BID.

Thanks!
